- If insufficient space please attach further details.

Information that must be provided and attached to the application:

- For each event a list of all holders of a firearms collector licence i.e. name & licence number who propose to display firearms &/or ammunition at the event premises specified
- Details of the arrangements to be made for the secure storage of firearms and cartridge ammunition while on display

Note:

An application will not be approved if:

- The Chief Commissioner is not satisfied that the arrangements made for the secure storage of firearms and cartridge ammunition while on display are adequate
- An application is not made in the manner and form approved by the Chief Commissioner and accompanied by the name and licence number of each holder of a firearms collectors licence who proposes to display firearms and/or cartridge ammunition at the premises specified
- The prescribed fee is not paid for the permit at the time of application
- There is a risk to public safety and the peace

Important Note:

No changes to a permit will be permitted after it has been issued. A new application would have to be submitted and another fee would be payable for a separate permit.
