# ACTIVITY BOOK

## KINDERGARTEN

THIS BOOK BELONGS TO:

VICTORIA POLICE

Hi, I'm Skye the Helicopter!

It's my job to fly around Victoria  
to help police keep you safe.

I can see a lot from up in the clouds so it's easy  
for me to find people who are lost or catch  
people who are doing the wrong thing.

There are lots of fun activities in this book  
that will teach you what police do and how they  
can help you, your family and your friends.

Remember, if you ever think you are  
in danger or you might need help,  
talk to a police officer.

**HAVE FUN!**

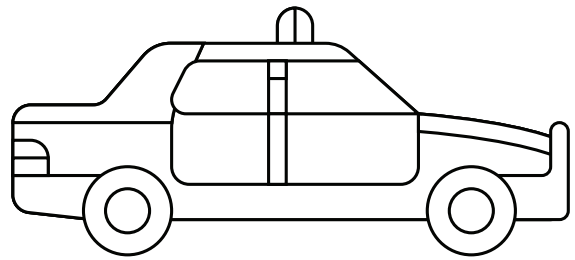

# IF THERE IS AN EMERGENCY...

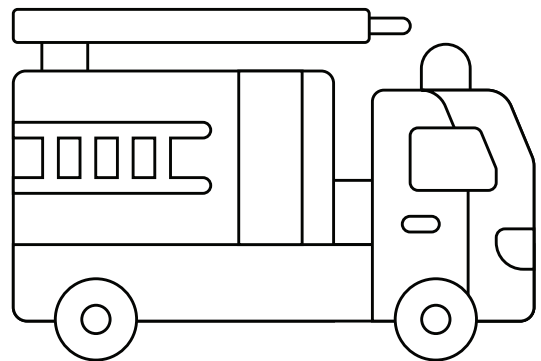

IN AN EMERGENCY CALL  
TRIPLE ZERO (000)

Colour in the police, fire  
and ambulance vehicles!

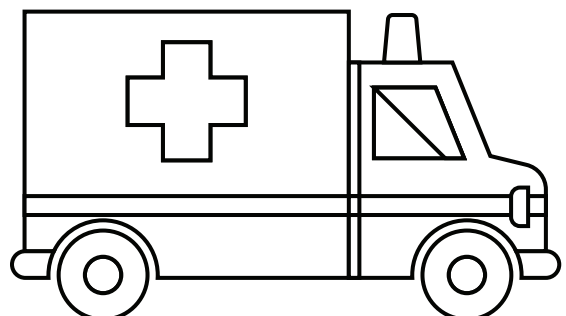

POLICE

FIRE

AMBULANCE

- When you call **Triple Zero (000)** in an emergency you need to tell the person answering the phone if you need the police, fire or ambulance.
- The person answering the phone will ask you where you are so that they can send someone to help you as quickly as possible. It is important that you tell them your address if you are at home. If you are not at home, do your best to describe your location. This could include street signs, shops, or landmarks.
- It is very important that you only call **Triple Zero (000)** in an emergency.
- Talk to a grown up about what an emergency is and when you should call police, fire or ambulance.
